SUMMARY

B.Tech Information Technology student at Prashant College with strong foundations in Data Structures and Algorithms using Java, and hands-on experience building AI-integrated web applications. Engineered Virtus, an AI career-coaching platform combining React.js with the Google Gemini API, and developed AI Sentinel, a Python and OpenCV real-time surveillance system. AWS Cloud Foundations and Oracle Java Foundations certified. Seeking an SDE Intern role to apply strong problem-solving and full-stack development skills.

TECHNICAL SKILLS

Languages: Java, Python, C, JavaScript (ES6+), SQL, HTML5, CSS3

Core CS: Data Structures & Algorithms, Object-Oriented Programming

Frontend: React.js, React Router, React Hooks, Responsive Web Design (Flexbox/Grid)

APIs & Integration: RESTful APIs, JSON, Google Gemini API, Prompt Engineering

Database: SQL

Tools: Git, GitHub, VS Code

Other: OpenCV, Regex, NLP Fundamentals, Debugging

PROJECTS

Virtus — AI Career Coach & Interview Prep Platform

React.js, JavaScript (ES6+), Google Gemini API, React Hooks, Regex, HTML5, CSS3

- Architected an AI-powered career platform in React.js combining a prompt-driven resume builder, mock interview simulator, and job-description evaluator in a single responsive application.
- Engineered a conversational UI that parses natural-language prompts with Regex to update live resume content in real time.
- Integrated the Google Gemini API to power AI-driven mock interview simulations and generate automated candidate feedback.
- Implemented client-side state synchronization for instant preview updates and added direct browser-to-PDF export using the Browser Print API.

AI Sentinel — Intelligent Surveillance System

Python, OpenCV, SQL

- Engineered a real-time computer vision system using OpenCV to detect human presence from a live camera feed.
- Designed automated alert and logging actions triggered on detection, with event data persisted in a SQL database for review.

Personal Portfolio Website — HTML, CSS

- Designed and deployed a personal portfolio site to showcase projects, skills, and profile links.

EDUCATION

B.Tech, Information Technology — Prashant College, Delhi

Aug 2023 – Expected July 2027 (Currently 4th Year)

Relevant Coursework: Data Structures, Algorithms, Database Management Systems, Computer Networks, Operating Systems, Object-Oriented Programming

ACHIEVEMENTS & CERTIFICATIONS

- Solved 61+ problems on LeetCode, strengthening data structures and algorithmic problem-solving skills.
- AWS Cloud Foundations — Certified
- Oracle Java Foundations — Certified
